## April 22 • Earth Day

In honor of Earth Day, FES Lisa Mac and SSS Elaine are introducing an awesome plastic recycling program to our store.

Since the invention of plastic in 1907, 9.1 billion tons of plastic has been produced and 6.9 billion tons of plastic now lay in landfills or float in Earth's beautiful oceans. If we continue with this trend, there will be 13.2 billion tons of plastic waste by 2050.

Here at Tiffany Springs, we will now be recycling shrink wrap, shopping bags, and plastic bottles. You can look for the blue recycling containers in the break room, by the Service Desk, and behind Self Checkout.

Let's help our community by doing our part to help protect our planet.

## HAPPY EARTH DAY!

### Customer Feedback:

Your stores paint sales associate, Leorah, was amazingly helpful. She answered all our questions about paint selection and preparation. She helped us select all the correct items for our paint project. She was very friendly and cheerful while assisting us. She is a great asset to your company.

### Customer Feedback:

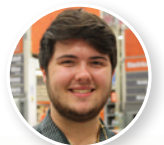

The Store Manager, while not on duty, loaded two bags of decorative stone into my car. He also went into the store to get some plastic to keep my car clean before loading the stone. I truly appreciate him taking his personal time to help me.

### Customer Feedback:

Excellent service, especially Chris at checkout.

Diane was real nice she was able to help me quick and she had a smile on her face the whole time.
