A Garden associate.

Q What department would you never want to work in?

A Would rather not say - don't want to offend anyone. ha ha.

A I've always worked at a bank. THD is part-time for me, I've been at UMB Bank full-time for 18 years.

A Home-improvement projects, outside work and hanging out with friends.

A Pizza.

A My coworkers and working/assisting customers.

Q If there was one thing you could change about 8460, or THD in general, what would it be?

A It drives me crazy that the grills aren't organized in the overhead!

Q What's your advice to new associates?

A Have fun working here, but learn as much as you can.

Q How long have you been with THD and what positions have you held?

A *I started in April 2019, and I watered the plants in the garden department for the first couple months.*

Q If you could have any position in the store, what would it be?

A *Anywhere in specialty services or pro desk. In those positions you could end up helping customers in all departments.*

Q What department would you never want to work in?

A *Paint department, It's the area I know the least about and I could never bring myself to dye my hair!*

Q What did you do before working at THD?

A *I was a homebuilder in Texas for the past 35 years.*

Q What's a hobby that you enjoy?

A *Music.*

Q What's a meal you can eat over and over again?

A *Threadgill's chicken fried steak or Texas style BBQ.*

Q What's your favorite part of working for THD?

A *Easy - It's when a customer comes in to show me pictures of a DIY project they completed, that they never thought they could do, but I was able to guide them through it and they are really proud of what they accomplished.*

Q If there was one thing you could change about 8460, or THD in general, what would it be?

A *Give me another year or two to think on that one.*

Q What's your advice to new associates?

A *Always treat every customer the way you want to be treated. Take every opportunity to listen to the more experienced associates. There is an incredible amount of knowledge in the aisles, ask questions and learn.*
