**Customer Feedback:**

Ava at self check out saw that the price on the weed killer was more than it said. She went and took the one I had and got the right priced weed killer I needed. She did not have to, I told her I would go back and get it, but she said she would get it for me. I told her to give me her name so that I could mention her on the survey. She was the most helpful clerk I have seen in a long time!

**Customer Feedback:**

Juana is amazing. She is extremely efficient, knowledgeable and helpful. She makes me look forward to visiting. I had several large purchases and she got me checked out quickly. She is stellar and a great example of an employee that The Home Depot should continue to hire.

**Customer Feedback:**

What a wonderful, friendly and very helpful employee that Lisa is to customers in your store. Very friendly and helpful to other employees also. I took up so much of her time getting a storm door, blower and cabinet and she made sure that I saw all my options, explain the items and did not push me into making a decision. I appreciated her patience with me and getting the order placed. She also signed me up for a Home Depot credit card too (wasn't planning on doing that).
