We have some very creative associates here at #8460. This apron was designed, hand-drawn and painted by our own Specialty ASM, Phil. He is a walking billboard for Specialty Services!

Our CXM Susan brought laughter to all the associates and customers on Black Friday sporting her festive Turkey Head!

Customer Feedback:

Brock helped me find the right leaf vacuum that would work with the batteries I already had at home. The service was incredible.

Customer Feedback:

Ron in paint helped me select the appropriate paint for my exterior door, asking questions on how much sun exposure it would get. He also offered advice on the type of roller to use to avoid getting bubbles in the finish. He was very helpful and went out of his way to help me. There was a line in self check out and Sean invited me to follow him to a register where he quickly checked me out. I appreciated not having to wait in line because I had several other errands to run.

Customer Feedback:

I came into the store with a whole list of items my husband gave me of things to get. To say I was overwhelmed is an understatement, however Caleb saw that I was distraught and helped me find each item on my list. He was extremely nice and professional. For items I didn't understand I asked him to explain it to me as if I was 5 and he carefully explained and made sure I understood the process of one of the items I got. I felt so much better at the end of the trip! Thank you Caleb for going above and beyond.

Customer Feedback:

Phil was so helpful the minute I walked in the store. He was multitasking but still asked if he could help me. I told him what I needed and he immediately went and got my large boxes and hauled them onto my cart. The store was extremely busy but Phil took the time to get me to the counter, he rang me up and checked me out and then helped me get my large packages in my car. I just had a wonderful experience and that was why I love shopping at The Home Depot.

DIVERSITY EQUITY & INCLUSION

We strive to create a place where everyone feels at home. Here, our associates are respected for who they are and for what they can do. Our company is stronger when we challenge each other to look at situations in new ways and when we can support every customer who walks through our doors and make them feel welcome, too.
